

ADHD Screening Test

Attentional Functioning	Yes	No
<i>Do you (or your child/student) fail to give close attention to details or make careless mistakes in schoolwork, work, or other activities?</i>		
<i>Do you (or your child/student) have frequent problems listening when spoken to directly?</i>		
<i>Do you (or your child/student) have frequent difficulties following through on instructions or fail to finish schoolwork, chores, or duties in the workplace?</i>		
<i>Do you (or your child/student) have difficulties organizing tasks, schoolwork, or other activities?</i>		
<i>Do you (or your child/student) often avoid, dislike, or reluctant to engage in tasks that require sustained mental effort such as schoolwork or homework?</i>		
<i>Do you (or your child/student) often lose things necessary for tasks or critical activities (e.g., toys, school assignments, pencils, books, or tools)?</i>		
<i>Are you (or your child/student) often easily distracted by extraneous variables?</i>		
<i>Are you (or your child/student) often forgetful in daily activities?</i>		
<i>If you (or your child/student) answered “yes” to 6 or more of these symptoms, you may experience problems with Inattentiveness.</i>		
<i>Behavioral Regulation</i>		
<i>Do you (or your child/student) often fidget with hands or feet or squirm while seated?</i>		
<i>Do you (or your child/student) often leave your seat when you are required to sit for extended periods of time?</i>		
<i>Are you (or your child/student) often restless or frequently observed running about, climbing on things, or breaking things?</i>		
<i>Do you (or your child/student) have difficulty playing or engaging in leisure activities quietly?</i>		
<i>Are you (or your child/student) often “on the go” or often act as if “driven by a motor?”</i>		
<i>Do you (or your child/student) talk excessively?</i>		
<i>Do you (or your child/student) often blurt out answers before questions have been completed?</i>		
<i>Do you (or your child/student) often have problems waiting?</i>		
<i>Do you (or your child/student) often interrupt or intrude on others (e.g., butts into conversations or games)?</i>		
<i>If you answered “yes” to 6 or more of these symptoms, you (or your child/student) may have problems with behavioral regulation.</i>		
<i>If you exhibit significant symptoms of Inattentiveness (6 or more), but not behavioral regulation, you may have ADHD Inattentive Type.</i>		
<i>If you exhibit significant symptoms (6 or more) in both Inattentiveness and behavioral regulation, you may have ADHD Combined Type.</i>
